Our Santa Fe River

**HOW DO HUMANS
IMPACT OUR EARTH?**

Seventh graders compared the soil and water at school and at Ichetucknee State Park to determine the human impacts in our environment.

Nature of Science

Eighth grade students reinforce their understanding of scientific experimentation with hands-on analysis at Ichetucknee Springs State Park.

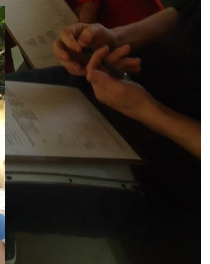

OUTDOOR
CLASSROOM

The best
classroom and the
richest classroom is
roofed only by the
sky.
~~Margret McMillan

6TH GRADE DAY

- ◆ Kestrels are raptors
- ◆ Kestrels are the smallest falcon.
- ◆ Kestrels eat smaller birds.
- ◆ Kestrels live from Canada - South America.
- ◆ Kestrels live up to 14 years in captivity.

~Jaidyn Suggs, Mr. Babston's 6th Grade Science

- * Screech owls live in America and Canada.
- * They eat mice and reptiles.
- * Chicks are born in late spring.
- * Screech owls live 10-15 years.

~Adra Allen, Ms. Johannesen's 6th Grade Science

- ◇ Manatees are warm blooded mammals.
- ◇ They live underwater.
- ◇ They are very big.
- ◇ Their teeth are called "marching molars" because they are always losing teeth.

~Jacqueline Loza-Rojas, Mr. Babston's 6th Grade Science.

7th Grade Plant Reproduction Strategies

L.E.A.K.
THIS IS HOW
WE ROLL.

Top: Gopher tortoise burrow mapping at Ichetucknee.
Middle Left: Fort White Christmas Parade.
Middle Right: Preparing for Spooky Springs.
Bottom: Removing invasive water lettuce from the Ichetucknee River.

Celebrating Arbor Day

Dear Trees,
 Thank you for everything you do! Without you, all living organisms would die and none of us would be here today. You help our world in so many ways and I am so thankful. You give off the oxygen we all need to survive, and you help make our lives easier by lowering heating and cooling costs! You help humans, and you also help the animals by providing them with a nice habitat. Without you, none of us would survive and we all have you to thank. SO, THANK YOU TREES!!
 ~ Alana Cook, Ms. Johannesen's 6th Grade Science

With Our Thanks!
*The Fort White High/Middle School Partnership Program continues its great hands-on programs through the support of our dedicated teachers, parents, administrators, staff, volunteers, school and sponsors/partners. We accomplish all that we do because of your generosity. We appreciate **YOU!***
